Celebrating 15 Years of Bucket Filling!

After 15 years, we have so much to celebrate!

In 2006, Carol McCloud released her first title, *Have You Filled a Bucket Today?* Although the bucketfilling concept has become Carol's passion, she had no way of predicting the success and positive outcomes that this new book would bring. Now, 15 years since its publication, we've heard countless stories of its positive impact on children, schools, and families. What started as a leap of faith for Carol, selling this book from the trunk of her car, has evolved into a respected and beloved children's classic, spearheading an entire line of books for all ages. We are overjoyed to celebrate that we have 12 publications, translated into 11 different languages, and over three million copies sold!

We are pleased to announce that our “In-Person” training opportunities will begin again in August 2021! Our presenter team is fully vaccinated and will adhere to all COVID protocols. They are motivated and ready to bring the bucketfilling concept to your organization! You can get more information on our **Training Opportunities** on our website.

Finally, we are eagerly anticipating

the start of the 2021/2022 school year! We want to help you get your classroom ready, too! To celebrate our 15th anniversary and support schools everywhere, we have discounted the prices on our entire catalog of bucketfilling products! Take advantage of these discounts and **shop our store**, now through August 31, 2021.
